

Filter Service Technician/General Labourer (Fort McMurray)

Do you want to work for a company that helps build clean, healthy indoor air environments? BGE is looking for a **Filter Service Technician** to work alongside our **Fort McMurray team**. Our ideal candidate for this role will encompass and live our core values of: **Together We Are Better, Striving for Excellence, and Be the Experts**.

This permanent position will be responsible for the regular replacement of HVAC air filters and associated preventative maintenance at industrial sites. The shifts are 10-hour days, Monday through Friday, with occasional work on Saturdays. Fridays and Saturdays are paid out at the overtime rate.

***Note: Relocation allowance and accommodations are not provided. Candidates should be local to the Fort McMurray area.**

The Company:

BGE provides services and products to organizations that care about clean air. Through its focus on strong customer relationships and an integrated service and product offering, BGE delivers industry knowledge and advisory support, enabling organizations to build and maintain clean, healthy indoor air environments.

Responsibilities:

- Inspect and change air filters in HVAC units
- Complete the required paperwork for each job
- Perform repairs and housekeeping duties associated with changing air filters in air handling units
- Follow our safety program and our clients' on-site rules and regulations
- Occasional work performing duct cleaning duties may be required and would result in working extra hours

Qualifications:

- Minimum high school diploma or equivalent
- All applicants must be able to pass a pre-employment and pre-access drug and alcohol test
- Ability to meet the role's physical requirements:

- Heavy-lifting up to 23kg (50lbs), bending with lower body support, working in confined spaces, dusty environments, exposure to extreme temperatures/heights/noises, standing, walking and driving
- Must possess a valid class 5 driver's license (non-GDL) and clean driver's abstract
- Mechanically-inclined with strong organizational & problem-solving skills and attention to detail
- Ability to work efficiently in a fast-paced team environment and independently with safety as a priority
- Industrial labour experience and/or duct cleaning/filtration work experience are strong assets
- Personable with good English communication skills, both verbal and written
- Certifications an asset: CSTS, OSSA, First Aid, H2S, Confined Space Entry/Monitor & Fall Protection, WHMIS
- Must be authorized to legally work in Canada

What we offer:

- Stable, full-time career.
- Competitive compensation.
- Benefits and RRSP matching program.
- Opportunities for training and development.

Please submit your resume and cover letter to careers@bgecleanair.com and reference the job title and location when you apply.

BGE hires on the basis of merit and is committed to employment equity. We encourage all qualified persons to apply.

We would like to thank all applicants for their interest in this position; however, only those selected for interviews will be contacted.
